Our Site

Children are assigned to classrooms by age. Several periods during each day children play with others from different classrooms, based on each child's needs and interests. Each classroom is staffed with a qualified teacher.

Qualifications

FPCCC has been providing child care to San Bernardino at the same location since 1991. The Center features professionally trained dedicated staff with an average tenure of over 12 years with FPCCC. All staff are first-aid & CPR certified.

A child's day includes an age-appropriate and fully supervised healthy balance of education, play, rest, lunch, individual, and group activity. Our kids learn and have fun!

As your child gets to be Pre-Kindergarten age we work with them to be as ready as they can be to start Kindergarten confident and prepared.

Our Philosophy

Because children learn by doing, and we expect time in our center to benefit the whole child, we:

- Creatively use and maintain indoor play areas and park-like outdoor playgrounds.
- Express creatively through music, art & drama.
- Observe and design the child's environment with science experiments, nature walks, cooking, and hands-on learning centers.
- Develop language skills and reading readiness through stories, sharing of experiences, finger play, and puppetry.
- Emphasize moral and ethical concepts through songs, stories, community visitors, and biblical examples.
- Encourage family members to participate, with special events such as Grandparents Day, Thanksgiving Feast, and Christmas Family Fun Night. Parents share the fun!
